* Colors are available through special order only. Please contact Easy Building Products for more information.

Multiwall polycarbonate cut-to-size sheets have a cutting tolerance of +/- .125".

HIGH LIGHT TRANSMISSION

CoverLite® multiwall polycarbonate panel offers a high degree of light transmittance while blocking harmful ultra violet rays.

VIRTUALLY UNBREAKABLE

Economical and light in weight, CoverLite® polycarbonate is 10 times stronger than acrylic and 200 times stronger than glass!

EASILY FABRICATED ON SITE

Highly flexible, CoverLite® multiwall polycarbonate panel can be easily cold formed and will not crack or splinter when fabricated.

ANTI-DRIP/ANTI-FOG COATING

This high-tech feature ensures that condensation is carried away from the roofing so that water droplets will not damage what's below.

WARRANTY

CoverLite® multiwall polycarbonate panel carries a ten (10) year prorated warranty against yellowing and loss of light transmission.
