

# HDPE Laminated Plywood

High density polyethylene (HDPE) is an extremely durable overlay laminated to a **4' x 8' x 1/2"** or **4' x 10' x 1/2"** sheet of plywood. The HDPE is chemical, moisture and fungus resistant. They are attractive, scratch resistant, will not hold food or dirt particles and are easy to clean with steam, high pressure sprayers or soap and water.
